MARCH 4-6, 2025

They loved their Birthday Party for the Presidents last week! Two cupcakes?!?!? The small cupcakes went over very well-nothing left! They were really happy with their birthday hats too!

Ted E. Bear made his first visit this year to Kellan's house. He had a great time visiting and found Finley (Kellan's sister) who Ted had visited when she was a BEAR! The leader will draw another name of Tuesday to see who he goes home with this week.

The students drew pictures of themselves as president. They are posted on the bulletin board. Really cute

Book orders were sent in last Friday and should return in 2 weeks. Thanks for all the Support. TBC does not make any money from book orders but we do receive points. I use the points to get supplies for crafts, books, and items that the Bears like to play with.

This week our theme is The Gingerbread Man and our Special Event is making a gingerbread man for our snack! Everyone will help mix the gingerbread batter and pour it into my big gingerbread bear pan. I will take it over to the

neighbor's home to bake in her oven. She will call me when it is done and I will go over and bring him back for our snack. We will cover him with whipped cream, too. The only problem might be if he runs away like the story says! We will wait and see what happens!

TUESDAY the Bears will begin by finding the hiding Leprechauns on their paper. Their letter to trace is "J" and their number is 5. The story for number 5 is Henny Penny. We will play a game with this story and learn about the characters that help Henny Penny. Everyone will make a Gingerbread Man, and a book, and play the Gingerbread boy game!

THURSDAY the Bears will begin by matching a March match up. Their letter is "K" and we will continue with the number 5. Our Science project will be SKIN AND HAIR. They loved learning about their spines last week. We will all make a big Leprechaun to hang on our wall.

SHOW AND TELL for February:

AZLYNN shared her big, pink tractor. Santa got it for her. You can push the

buttons to the top and it makes noises and flashes lights. It goes all around, too.

ELLIS shared his Dora doll. He found it in his locker. It came from Nana's house. It is heavy because the head is full of water and you can hear it when you shake her.

CODI shared her Mermaid doll. She has a fin tail and no legs. He name is Berry Blue. Her Mommy got it for her and she is very soft!

ISABELLA shared her tiny baby and her putty chair. Nana gave it to her. Her name is Belly. And when she flushes her toilet it makes a noise like a real one does. It needs batteries!

BLAKE shared his granola bar that he found in his backpack. He brought it from his house. He loves the Zbar with chocolate brownie in it. I like it!!

BEAU shared a piece of material that he had in his back pack to dry his board. And he showed his friends how to put on his hat. I use my hat to keep the sun out of my eyes. My mom bought it for me!

They love Show and Tell and are very talkative about their items! GREAT JOB!
