

TEDDY BEAR CORNER NURSERY/PRESCHOOL

P.O. BOX 173, ADAMS, NY 13605

315-771-7956, SEPTEMBER 22-24, 2026

This class loves to paint! They like to earn stickers when they complete their work too. No work-No stickers! They are playing well together and sharing all the toys. They love the ball game and the green plastic square that lets you push your hands in to make a picture.

Our cocoons have not opened yet! We have two brown ones-that means they are close to emerging. We have three green ones that are still sleeping. Everyone checks them each day. The brown ones should emerge this week-I hope. It takes them about 2-3 hours after emerging to let their wings form and dry. After they are ready we will take them outside and release them—but not in the rain. They are Monarchs and some will fly to Mexico. Our newspaper last week showed pictures of them in Mexico.

This week our theme is Over Our Heads and we will talk about clouds, sky, birds, bugs, airplanes, etc.

TUESDAY the Bears will begin by matching the pictures. Their letter to trace is “E” and their color to paint and color is BLUE. They will tear paper and use their glue sticks to glue the pieces to a tree paper. We will make a wind sock to bring home. We will have BLUE cookies for our snack.

THURSDAY the Bears will begin by finding the SAME items in each square. Their letter is “F” and their shape is TRIANGLE. They will tear strips and glue them to a flower paper. Everyone will make an alpha bug with the letters A-E. We will blow bubbles, and make a leaf catcher.

September book orders are due by Wednesday, September 24th.

Next week our theme is FALL and our color is GREEN. We will make Green Eggs and Ham for our snack. Each Bear will get to crack an egg for our snack.

SHOW AND TELL will be on Thursday the first of October. Each child may bring in a favorite toy or book or item from home and leave it in his locker. After snack time each child can show and tell their item to the class. Then the item is replaced in their locker. We will have popcorn and a movie afterwards-if everyone listens to their friend tell about their toy.

They loved making butter last week and eating bread and butter for part of their snack. Two boys ate three half slices of bread and butter. They said their butter was delicious!

Thank you for all the support. MS Cindy
