

TEDDY BEAR CORNER NURSERY/PRESCHOOL

P.O. BOX 173, ADAMS, NEW YORK 13605 771-7956

www.teddybearcorner.net OCTOBER 15-17, 2024

National Grid finally fixed our electricity last week.

Book orders for October were due on the 10th but I have moved the date to the 17th because of our outage with the power.

The THEME for October 22 and 24 is HALLOWEEN. We will play games, and make some crafts to bring home to decorate all your homes.

Our HALLOWEEN PARADE and Party will be held on Tuesday, October 29th at ten am. Children can arrive at their regular class time and wear their costumes. We will leave our building at 10am and parade down the street, cross the road and return up the other side of the street. Parents and guests may treat the Bears as they parade. I have BIG plastic buckets for each child to carry and take home after class. The children will line up in front of our building for pictures. They will enter and place their buckets of treats in their lockers to bring home. We will wash our hands and have a snack. Parents are invited to come inside if they wish. Sign up lists for snacks is posted on the front table. TBC will be closed on

Thursday, October 31st. The Big schools are having their parades in the am that day and dismissing at noon. Most of the parents at TBC wanted to take their bear to watch the sibling's parade. That left me with one student and no assistant to help so I decided to close for that day.

SHOW AND TELL for October will be held on THURSDAY THE 24th. They loved bringing in an item from home and hiding it in their locker until it was time for each one separately to go and bring their item in to Show and Tell the class about it.

The children made beautiful fall trees that are hanging on the wall over their lockers.

They also painted some blocks of wood and will finish their Halloween decoration to bring home Tuesday. They all love to paint!!!

This week our theme is Johnny Appleseed and FALL season.

TUESDAY the Bears will begin by drawing lines from the squirrels to the bales of hay. Our letter to trace is "L" and our color is brown. We will tear strips of paper and glue them to a pig

picture. We will make an apple face to bring home. Our Science topic is Cold Weather. We will take a tree picture and make apples in it.

THURSDAY the Bears will begin by drawing circles and ovals on the pumpkins. Our letter is "M" to trace and our shape is Circles. We will make a web craft and learn about Johnny Appleseed and his adventures planting apple seeds. Our Science project will be taking ice cubes and seeing if the sink or swim in water. And holding tiny cubes in our hands to see what happens when the cubes get warm!

We will be learning about squirrels and raccoons this week. The children will color them and bring them home. They are very big squirrels and raccoons!

I have a stack of books that I will put on the teacher's table at dismissal. Children may choose a book to bring home and keep. These were donated by someone and I thought the children would love to take some home.

We had the Big Red Monster visit and sing Hokey Pokey with us. They loved him! Thanks!
